IRSST-UC3M CHAIR

# THE EXPERTS IN OHS IN THE DIGITAL ERA HAVE THE WORD

"The experts in OHS in the digital era have the word" is an event that brings together specialists and stakeholders in this area with the aim of presenting a proposal for the evolution of the way to generate concrete, unambiguous and reusable prevention criteria, taking advantage of the know-how in the sector, making use of cutting-edge technologies and accessible to everyone, democratizing the generation of such criteria.

To be part of the OHS experts Network click [here](#)
